Character formation and internalization of Lasallian values are the ultimate objectives of having rules & regulations on proper decorum and social norms inside and outside the University.

Student discipline plays a role in providing the Lasallian students a world class educational experience.

In general, the DO promotes and supervises student discipline by implementing the provision in the Student Handbook.

The DISCIPLINE OFFICE (DO) commits to contribute to the development of well-rounded Lasallian students who are value-oriented, well-informed, responsible, and self-disciplined, through the delivery of formative programs and services and through the promotion and maintenance of a safe and served campus

Our VISION is to see a campus environment animated by peace and order where an atmosphere of harmonious relationship among members of the Lasallian community prevails.
