

Deutsche Bank AG Philippines

Company Background:

Deutsche Bank is Germany's leading bank, with a strong position in Europe and a significant presence in the Americas and Asia Pacific. We are a business with a vision: to be the leading client-centric global universal bank. This enables us to offer exceptional opportunities to agile minds: people with the insight, passion and ideas to positively embrace new challenges, adding real value to everything we do.

Over the years, Deutsche Bank has made its mark in local capital and financial markets and has become one of the leading transaction banks in the Philippines. The Bank invested significantly in the Philippines with the establishment of a world class shared services centre, Deutsche Knowledge Services Pte. Ltd., which provides head office and regulatory reporting, cost management, business performance analysis, product control and operations services, as well as change management, IT and human resources services to the Bank's internal businesses globally. Deutsche Knowledge Services Pte. Ltd., Manila is a member of the Deutsche Bank Group. Deutsche Bank Group now employs more than 2,000 people in the Philippines.

Position Title: Trade Operations Senior Analyst (Japanese Bilingual)

Role Description:

The role of Corporate Investment Banking Operations covers a wide range of activities. Following the buying of financial products and services by the bank, we ensure that each transaction is captured accurately and in a timely manner to ensure effective risk management, cleared, documented and confirmed, settled and reconciled, all within a tightly controlled environment in adherence with global regulatory requirements.

As a Trade and Transactions Operations Senior Analyst, you will ensure timely booking of trades within all requisite systems within the GEBS architecture. You will apply problem solving investigative techniques to trade booking/flow issues. You will update trade amendments within pre-requisite systems where required. You will build and maintain strong relationships with stakeholder groups, onshore and offshore.

Requirements:

The ideal candidate demonstrates the following abilities:

- Has basic understanding of financial markets and/or accountancy principles
- Has good Excel skills
- Has good communication skills in both Japanese (minimum JLPT 2) and English
