

Graduate Reprocessing Procedure

Effective Academic Year AY 2016 - 2017, **reprocessing of applications for programs offered once every academic year, including the Juris Doctor (JD) program of the DLSU College of Law, will no longer be allowed.** Those who previously deferred enrollment will now be asked to submit a new application, pay the application fee and retake the test. Please be guided accordingly.

Reprocessing involves a request made by a previously admitted student who deferred enrollment and now wants to be readmitted to the same program. An admitted status is valid for three (3) consecutive terms. Only students who are covered by this validity period are allowed to reprocess their application documents.

Applicants who wish to defer their enrolment for the next succeeding terms are required to take the following steps:

1. Re-submission of Documents

- 1.1. **FILLOUT** completely and accomplish in duplicate the Graduate Admissions Deferment / Reprocessing Form (link: http://www.dlsu.edu.ph/admissions/graduate/_pdf/deferment-of-enrollment.pdf)
- 1.2. **SUBMIT** the signed form at the Office of Admissions and Scholarships in exchange for a Document Tracking System (DTS) number.
- 1.3. **MONITOR** the status of your application for reprocessing via the DTS.
- 1.4. **FOLLOW** the instructions printed on the DTS.
- 1.5. If approved, proceed to the Enrollment Services Hub located at the 2/F Henry Sy, Sr. Hall and **SUBMIT** the following: (a) a printout of the DTS message and (b) incomplete requirement/s as indicated on the DTS, if any.
- 1.6. **SECURE** a referral slip.
- 1.7. **PRESENT** the referral slip and **PAY** the P250.00 reprocessing fee to the Accounting Personnel/Representative at the ESH.
- 1.8. **PRESENT** the Official Receipt (O.R.) to one of the counters at the Enrollment Services Hub (ESH).

Students seeking financial assistance may approach the Enrollment Services Hub (ESH) for inquiries. Application for scholarship is reprocessed simultaneously. There are no available scholarships for international applicants.

Admission documents on file will be re-evaluated for appropriateness and eligibility.

The applicant may be asked to resubmit other documents when needed. Only completed documents will be endorsed to the departments.
