2016 Global Summer Programme (GSP) at Singapore Management University

What is in store for you at Singapore Management University (SMU)?

SMU is proud to present the Global Summer Programme 2016 – a 4-week intensive programme focusing on Business, Innovation and Society in Asia, offering a suite of elective and enrichment courses designed to augment students' knowledge and practical skills about Asia in general, through the use of real-life case studies and examples.

Global exposure plays an integral role in SMU's learning experience. Through the unique opportunities provided by SMU, students learn to adapt and thrive in an international environment, pushing their limits and gaining skills beyond the classroom. The Office of Global Learning (OGL) steers a range of initiatives across three areas: Global Student Programmes, International Student Experience and Diversity and Inclusion. These functions represent the pillars of OGL's credo – internationalisation, integration, inclusion.
