

**Course Code:** ACYFMG1

**Course Title:** Financial Management 1

**Course Description:**

This course is a basic course leading to Management Advisory Services. It provides students with the basic principles, techniques and analytical tools needed in conducting financial analysis, in evaluating and forecasting a business firm's financial performance, and in profit planning. It also deals with managing working capital, with focus on cash, marketable securities, accounts receivables, inventories and short-term financing sources.

**Department:** Accountancy
