

Company name:

Airbus Helicopters Philippines Inc. (AHPI)

Company background:

AHPI is a Customer Center of Airbus Helicopters. Celebrating 20 years of presence in the Philippines, AHPI offers sales and support services for the entire range of Airbus Helicopters in the country. With a staff of nearly 50 industry professionals, AHPI supports a fleet of more than 60 Airbus Helicopters in the Philippines. AHPI serves customers ranging from parapublic to oil and gas operators, VVIP transport for private and corporate flights, and commercial charter operators.

AHPI is the market leader in the Philippines civil and parapublic segment (with more than 50% market share), and remains the only helicopter manufacturer having a maintenance center in the country, ensuring the highest level of safety for its operators.
