Law

**University of Muhammadiyah Malang Indonesia** is committed to the QA practice evidenced in its Vision and Missions. Performance of the QA practice shows good results and positive improvement trend on the followings:

- Building patterns of thoughts and behaviors reflective of the Islamic values via Leadership and Personality Development Program in place
- Offering a number of sponsors for financial and merit scholarships to students
- Adopting student-centered and student active learnings
- Equipping life-long learning
- Serving UMM digital library as the central for the IDLN composed of 100 partner universities
- ISO 17025 certified laboratories to support students' learning
- Managing business units as the financial support and students' laboratories
- Improving learning and employability via hands-on trainings
- Actively participating in international student and staff exchange programs
- Assuring that graduates are highly sought after
