Guidelines for Contributors

1. The Journal on Computational Innovations and Engineering Applications (JCIEA) aims to promote the development of new and creative ideas on the use of technology in solving problems in the field of computational applications, computational intelligence, electronics and information and communications technology (ICT), manufacturing engineering, energy and environment, robotics, control and automation, and all their related fields. Manuscript submissions should, therefore, be in pursuit of the same goal and within the related fields.

2. JCIEA only accepts manuscripts written in English. The responsibility for copyediting manuscripts, as well as obtaining reproduction permissions for the use of graphics and other materials from their references, will fall on the author.

3. Authors must also remember to cite all references and ensure that their paper submission has not been previously published or is undergoing peer review for another publication.

4. Manuscripts should include a unique title, an abstract, some keywords, an introduction and discussion of the study, a presentation and discussion of results, and a conclusion. Authors may also include an acknowledgement of funding organizations or consultants, if needed.

5. Manuscripts may be sent to jciea.dlsu@gmail.com or jciea@dlsu.edu.ph as either an MS Word file (*.doc or *.docx) or a LaTeX file (*.tex), including its supporting files.

6. Manuscript in either file format should have the following features:

7. Manuscript should be eight to twelve (8-12) pages long, including all figures, tables and references. Manuscript exceeding the 12-page limit will require permissions from the editor.

8. Authors must include their full names and affiliations in the manuscript. They may include a 150- to 200-word biography to be placed in the back portion of the journal.
