

Dr. Andrew L. Tan Data Science Institute

in cooperation with the
School of Lifelong Learning
cordially invites you to the

Introduction to Machine Learning

This 56-hour diploma course provides an overview of machine learning, and the theory and skills necessary for its practice. It covers an introductory level of the machine learning algorithms such as linear regression, logistic regression, neural networks, decision trees, ensemble models, support vector machines, and techniques for regularizing each model.

It is designed for students and professionals from various Science and Technology, Engineering and Mathematics (STEM), and Accounting and Business Management (ABM) backgrounds with basic technical skills in Python programming who want to upskill towards a data science career with a focus on machine learning. Each module has hands-on exercises to ensure that participants are absorbing the concepts.

Pre-requisites:

**All interested participants should have completed the Foundations of Data Science program.*

Schedule:

June 28, July 5, 12, 19, 26, 2025 (8:00 AM - 5:30 PM)
8:00 AM - 12:00 NN & 12:30 PM - 3:30 PM (*Face to Face*)
3:30 PM - 5:30 PM (*Asynchronous at Learner's own pace*)

Venue:

DLSU Venice Corporate Center, McKinley BGC Taguig City.

Course Fee: P30,000.00 (*Deadline of payment is on or before May 25, 2025*)

(*Training fee is net of all applicable tax. No withholding tax should be deducted from this investment cost*)

Register Now!!!

This course is OPEN TO THE PUBLIC.

Course Orientation:

The course orientation will commence during the first hour of Day 1.

Don't miss this opportunity to enhance your data science skills. Enroll now and take the first step towards becoming a data-savvy professional!

For more information, contact us at SoLL@dlsu.edu.ph or aileen.negrillo@dlsu.edu.ph.

We look forward to seeing you in the course!
