Availability of Access to Check Visa Status (For IS) at the DLSU Gmail

We are happy to inform all our international students that you may now check your visa status using your DLSU Gmail.

Here is how:

1. Log in to your DLSU Gmail account;
2. In the MAIN menu on the left panel, under STUDENT PROFILE, click "View Visa Status (For IS);

3. If you are <u>not an international student</u>, a pop out that says "You are not an intentional student" will appear on the screen;
4. If you are an international student, a screen will appear showing the details of your visa status.
5. If your visa or ACR I-Card is expired, visit the International Center as soon as possible for updating.

Please take note of the following:

    a.   Regularly update / submit your visa and I-Card at the International Center.

    b. **Initially, the DLSU ID of international students who fail to either submit or update their documents will be invalidated and enrolment for the succeeding term is put on hold.**

    c. **Cancellation of enrolment is done if the international student fails to submit the required visa during the current term.** The Bureau of Immigration penalizes schools and students for non-compliance of immigration laws pertaining to the stay and study of foreign students in the Philippines (ref: E.O. 285)

d. Furthermore, the International Center, under the Office of the Executive Director for External Relations & Internationalization, is the unit responsible for processing the Student Visa Conversion/Extension and Special Study Permit of DLSU international students.

e. **Finally, the University evaluates and decides on the enrollment of students/applicants based on visa requirements for study**.

For further inquiries, visit the International Center at SJ 207 or call us at (direct line) (02)525-6727 or (trunkline) (02)524-4611, loc. 289. You can also e-mail us at evp-eri@dlsu.edu.ph or rhodora.caballero@dlsu.edu.ph.
