

## Updated Science Foundation Publication Incentives

(To take effect 1<sup>st</sup> Term of AY 2021-2022)

Incentive Category	Proposed Provision	Remarks
Level 1*	P200,000	<ul style="list-style-type: none"> <li>Journals in the 99th percentile based on Scopus CiteScore Rank.</li> </ul>
Level 2*	P100,000	<ul style="list-style-type: none"> <li>Journals in the 90th percentile based on Scopus CiteScore Rank.</li> </ul>
Level 3*	P75,000	<ul style="list-style-type: none"> <li>WoS (ISI) eligibility to be limited to citation indices of WoS (i.e., SCI, SSCI and ESCI) and to exclude Zoological Record.</li> <li>Journals in this tier are from those listed in Q1 and Q2 of Scimago.</li> <li>Q1-equivalent conference proceedings in computer science are included in this tier.</li> </ul>
Level 4**	P50,000	<ul style="list-style-type: none"> <li>WoS (ISI) eligibility to be limited to citation indices of WoS (i.e., SCI, SSCI and ESCI) and to exclude Zoological Record.</li> <li>Journals in this tier are from those listed in Q3 of Scimago.</li> <li>Q2-equivalent conference proceedings in computer science are included in this tier.</li> </ul>
Level 5**	P20,000	<ul style="list-style-type: none"> <li>Journals in this tier are from those listed in Q4 of Scimago, the ASEAN Citation Index.</li> <li>Scopus-indexed conference proceedings, except for specific categories listed in higher tiers.</li> </ul>
Maiden publication incentive	P100,000	<ul style="list-style-type: none"> <li>Given in addition to the regular incentive for a faculty member's first DLSU-affiliated publication in Levels 1–4.</li> <li>Faculty members who have not published work in Levels 1–4 for at least 10 years are also eligible to apply for this incentive.</li> </ul>

\*Publications in this category are entitled to receive additional support (e.g., for page charges, etc.) under a separate grant from Science Foundation.

\*\*A faculty member can apply for at most six incentives per year in total for Levels 4 and 5, with at most two incentives per year for Level 5. The unused allocations for Level 5 can be transferred to Level 4, for as long as the total cap specified above is not exceeded.

\*\*\*To encourage research mentoring of (non-faculty) students, the latter will not be counted when computing the divisor for the faculty's share of the incentive. Faculty members must submit students' ID numbers as part of the documentation. This provision is not valid for the case of students who have become faculty members since receiving their degrees.

\*\*\*\*In the case of publications indexed by WoS (i.e., SCI, SSCI and ESCI) or ABDC but not by Scopus, classification may be determined based on benchmarking with eligible publications in the same discipline with equivalent Impact Factor. Evidence of the latter must be submitted by the faculty member upon application.
